

## **Northwest Indiana Business Roundtable (NWIBRT) And Construction Advancement Foundation**

(Merrillville, IN) May 11, 2016 – The awards banquet hosted by the Northwest Indiana Business RoundTable (NWIBRT) and the Construction Advancement Foundation (CAF) serves to honor construction companies that exhibit superior achievement in safety performance. Awards are given for excellence in standards, innovation and development in the construction industry during the past year for a variety of projects, contractors and companies. Attendance at this event exceeded 600 construction professionals.

During the event, Solid Platforms, Inc. was honored to receive the following awards.

- **Innovation Award** – This award was based on the development and implementation of a new and comprehensive scaffold user’s training course.
- **Excellence Award** – This award was based on company safety statistics including the Days Away Frequency Rate, Total Recordable Incident Rate and an EMR that is lower than the Northwest Indiana industry average along with an acceptable Safety Management system.

Don Bull, NWIBRT Executive Committee Chairman and Director with NIPSCO, said, “What’s interesting to me is the fact that we often see companies learning from one another’s successes, and earning increased levels of recognition each year. The end result is a safer and more productive construction industry for the entire region. What could be better than that?”

The companies who received awards at this year’s event constitute a major portion of the economic strength of Northwest Indiana. Their performance, and incredibly high standards for safety, allows the region to continually grow and remain prosperous.

### **About NWIBRT**

The Northwest Indiana Business RoundTable is proud to announce it has reached a major milestone – 30 years as Northwest Indiana’s largest association of owners, contractors, and subcontractors. Northwest Indiana Business RoundTable is committed to the improvement of construction and maintenance projects in Northwest Indiana. The main objectives of NWIBRT are to promote safety, quality, and cost effective solutions to challenges faced by owners, contractors, and labor organizations in the region. With the support of their members, they have provided seminars, trade shows, and special presentations.

### **About Solid Platforms, Inc.**

Established in 1990, Solid Platforms, Inc. has grown to be recognized as one of the foremost leaders in the scaffold industry.
